

World Trade,  
U.S. Industry  
Strangled By  
Maritime Tieup

Washington, Sept. 9 (AP)—  
Presidential Secretary Charles  
G. Ross said today President  
Truman is taking no direct  
hand in the efforts to end the  
crippling shipping strike.

(By The Associated Press)  
The greatest shipping strike in  
the nation's history continued its  
strangulation of international com-  
merce and many domestic industries  
today after hope for a truce was  
given up by a Labor Department  
mediator in San Francisco.

Harry Lundeberg, leader of the  
90,000 striking AFL seamen whose  
picket lines are being respected by  
another 400,000 AFL and CIO sea-  
men, stevedores, teamsters and other  
maritime workers, reiterated that  
his men would not return to work  
until wage cuts ordered by the War  
Stabilization Board are scrapped.

No Sign of Settlement  
Lundeberg, president of the striking  
sailors union of the Pacific and the  
Seafarers International Union, said  
in a radio address that the walkout  
would continue "until the politicians  
in Washington" approve the wage  
increases the SIU and SUP negoti-  
ated with the shipowners.

Assistant Secretary of Labor Phil-  
lip Hannah, who flew from Wash-  
ington to see Lundeberg in the hope  
of arranging a truce, announced  
after the last of several meetings  
with the union leader that he had  
been unsuccessful in his negotiations  
and was leaving at once for Wash-  
ington.

The War Stabilization Board is  
scheduled to meet tomorrow in  
Washington to reconsider its August  
23 ruling limiting AFL seamen to  
wage increases of \$17.50 monthly—  
the amount awarded to CIO seamen.  
The AFL unions had negotiated in-  
creases with shipowners of \$22.50  
on the west coast and \$27.50 on the  
east coast.

Tugboats Tied Up  
Between 1,500 and 1,600 deep  
water ships were paralyzed by the  
strike as it went into its fifth day  
and 400 tugboats in New York har-  
bor were tied up at their piers.

The cessation of tugboat activity  
was an added blow to industries and  
consumers in New York, already  
crippled by a strike of truck drivers  
which has slowed industrial activity  
and reduced food supplies.

The Association of American Rail-  
roads announced the shipping strike  
had caused 5,000 loaded freight cars  
to become idle.

In San Francisco, the SUP an-  
nounced it had received an offer of  
financial support from John L. Lew-  
is, president of the AFL United Mine  
Workers, in a congratulatory mes-  
sage which termed the Stabilization  
Board "that economic boars' nest."

Truck Strike  
To Close 2,000  
Retail Stores

New York, Sept. 9 (AP)—The strike  
of 25,000 truckers in the New York  
metropolitan area gave New York-  
ers a sharp new blow today when a  
large sugar refining firm suspended  
operations and a spokesman for a  
chain store predicted 2,000 retail  
chain food stores would shut down  
completely by tomorrow.

The National Sugar Refining com-  
pany, which claims to be the largest  
processor in the metropolitan area,  
said it suspended operations at its  
Long Island city plant and another  
sugar firm disclosed it had made  
no deliveries in the metro-  
politan area for a week.

The chain store spokesman, who  
declined use of his name, said  
shelves of the 2,000 chain stores  
were bare and there was no hope of  
replenishing them. "There's nothing  
to do but shut up shop. You can't  
sell what you haven't got," he said.

In Eighth Day  
The strike of 25,000 truck drivers  
and helpers in the metropolitan area  
went into its eighth day today  
with no prospect of an early settle-  
ment after 6,000 drivers at a tur-  
bulent union meeting refused to ac-  
cept a compromise settlement plan.

The compromise plan, advanced by  
Mayor William O'Dwyer and turned  
down by the operators earlier, pro-  
vided for an 18¢ cents an hour  
wage increase, paid vacations and  
shortening of the work week from  
44 to 40 hours.

The strike already has resulted in  
shortages of many consumer and in-  
dustrial items in New York and  
companion stoppages have termina-  
ted deliveries of raw materials and  
finished goods along the east coast.

BULLETINS

Jerusalem, Sept. 9 (AP)—A British  
information officer announced today  
the Palestine railway had been cut  
in 50 places, the flow of oil to the  
port of Haifa disrupted and two per-  
sons killed in a series of outbreaks  
coinciding with the opening of  
British-Arab talks in London.

Explosions and gunshots broke out  
in various sections of the Holy Land.  
The information officer said these

PRICE THREE CENTS

DIES SUDDENLY  
WATCHING GAME  
IN HUNTERSTOWN

Clarence J. Crouse 49, 135 West  
street, died suddenly Sunday after-  
noon about 3 o'clock at Hunterstown  
while watching a softball game be-  
tween a Hunterstown team and a  
local softball outfit.

Crouse, who had gone with a group  
of local men to see the game, re-  
mained in the vehicle while the  
others left the car to obtain a better  
view of the contest. When they re-  
turned to the car after the game they  
found Crouse crumpled into a  
corner. They drove to Gettysburg  
where Dr. C. G. Crist found that  
the man was dead. Doctor Crist  
said he had apparently died some-  
time while the car was parked at  
Hunterstown.

A post mortem was held Sunday  
night at the direction of the cor-  
oner, Doctor Crist, and it was found  
that complications had caused the  
death. There will be no inquest,  
Doctor Crist said.

Services Wednesday  
Crouse, a son of the late Joseph  
and Ellen Haas Crouse, had been  
working for the last 1½ years at  
Letterkenny and before that worked  
for the York Safe and Lock com-  
pany. He was a member of the  
Gettysburg Eagles and Moose lodges.

Five years ago he suffered severe  
burns when a cigarette started a  
fire in his car. He had been waiting  
outside the Warner hospital and had  
fallen asleep while smoking. Mem-  
bers of the hospital staff rescued  
him before the flames caused death,  
but he bore scars all over his body  
and lost part of a hand.

One sister, Mrs. Daniel Cook,  
Ardmore, survives.

Funeral services Wednesday morn-  
ing at 10 o'clock from the Bender  
funeral home, with the Rev. Floyd  
Carroll officiating. Interment in  
Evergreen cemetery. Friends may  
call at the funeral home Tuesday  
evening from 7 to 9 o'clock.

The Rev. Dr. and Mrs. Austin A.

Gettysburg, were married Septem-  
ber 9 of that year in Gettysburg.  
Mrs. Kelly is a graduate of the  
former Irving college at Mechanics-

Andrew and William, of Tucson,  
Ariz., are here for the wedding an-  
niversary celebration. Mr. Kelly is  
president of the Arizona Phar-  
maceutical association and a member  
of the Arizona State Board of  
Pharmacists.

Doctor and Mrs. Kelly plan to  
leave Gettysburg November 1 for  
Tucson to spend the winter with  
their son and his family. They plan  
to return here in the spring.

cording to a report at police head-

was unable to locate the owner.

7N976. According to police records,  
this plate was issued to Samuel N.

Assembly Postponement  
Beyond Oct. 23 Opposed

By LARRY HAUCK

Lake Success, N. Y., Sept. 9 (AP)—  
Secretary General Trygve Lie  
drafted a message today to Paul-  
Henri Spaak, president of the  
United Nations General Assembly,  
asking for assurance that no re-  
quest would be made for postpone-  
ment of the assembly beyond the  
Four-Power Foreign Ministers' re-  
commendation for moving the  
date to October 23.

Paris, Sept. 9 (AP)—The Foreign  
Ministers council, agreeing to a pro-  
posal by Soviet Russia, asked the  
United Nations General Assembly  
today to postpone for one month its  
scheduled September 23 meeting in  
New York to avoid conflict with the  
Paris peace conference.

To Meet in New York  
At the same time informed quar-  
ters reported that the Foreign  
Ministers had decided to meet in  
New York next month to present to  
the assembly the peace treaties  
which the conference is now draft-  
ing for Italy, Romania, Hungary,  
Bulgaria and Finland. The minis-  
ters also would begin drafting treat-

POLICE PROMISE  
COOPERATION IN  
SAFETY EFFORTS

An appeal from Governor Martin  
for stricter enforcement of the law  
in an effort to save lives on Penn-  
sylvania highways, today brought  
from Chief of Police Robert C.  
Harpster a promise of full coopera-  
tion on the part of borough police  
here.

"Newspaper editorials and com-  
ment both before and after the  
highway safety conference held in  
Harrisburg August 19 point definitely  
in one direction," a letter from the  
governor addressed to Chief Harp-  
ster said. "There must be stricter  
enforcement of the law if lives are  
to be saved."

"The laws on our statute books  
are ample to cover practically all  
phases of the traffic safety prob-  
lem, and are reinforced by many  
local ordinances which add strength  
to the basis law," Governor Mar-  
tin's letter continued.

Claims "Fixing"  
"No law is stronger than its en-  
forcement. Too many violations,  
from double parking to driving  
while intoxicated, are 'fixed' through  
personal friendship or political in-  
fluence."

"Every time a violator escapes  
paying the penalty by the 'fix' it  
creates disrespect for all laws. In  
addition, police officers become dis-  
couraged and lax in making ar-  
rests when they know that no ac-  
tion will be taken."

"In view of the alarming increase  
in traffic accidents since V-J day,  
nothing should be left undone which  
will help to lower our accident rate.  
Strict law enforcement is a basic  
principle if we are to succeed in our  
efforts. I urgently request your  
wholehearted cooperation in the en-  
forcement of all traffic laws and  
regulations."

Chief Harpster said that so far  
as the Gettysburg police are con-  
cerned, there is no "fixing" and all  
violators are prosecuted when ap-  
prehended.

Three Injured In  
Collision Sunday

Three persons were injured Sun-  
day evening at 9:45 o'clock when two  
cars collided, nearly head-on, one  
half mile south of Abbottstown on  
the Hanover road.

Injured were Robert DeLancy, 16,  
York, who was admitted to the  
Hanover hospital with a compound  
fracture of the left arm; Peggy  
Vernon, 16, York, who was treated  
by Dr. David Thompson, Abbotts-  
town, for a possible fracture of the  
left shoulder and an injury to her  
right knee, and Eleanor R. Turner,  
Hanover, who was treated by Dr.  
Nevin Seitz for lacerations of the  
left knee, multiple abrasions, con-  
tusions of the left forehead and  
possible fracture of several ribs.

State police, who investigated, said  
that DeLancy, who was driving one  
of the two cars said that the steer-  
ing mechanism of his car broke and  
he swerved over in the path of Miss  
Turner, who was driving south. De-  
Lancy, with Miss Vernon in his car  
along with two other York residents,  
was driving north. State police are  
continuing their investigation.

Business Is Dull  
For Borough Police

The week-end was not a "rough"  
one in Gettysburg, judged either  
from the point of disturbances or of  
arrests made, but police were called  
several times on minor troubles.

A report was received of a fight  
on South Franklin street. When  
police got there, no one was to be  
found.

Then came a call to the Grey-  
hound post house on North Wash-  
ington street. A "loafer" there was  
told to "take a walk."

A complaint was investigated that  
two men were acting suspiciously on  
the college campus in the vicinity of  
Stevens hall and the main gate on  
North Washington street. The re-  
port on this was that the fog was  
too thick to see anyone.

A man was found lying in a lot  
at the rear of Zerfling's hardware  
store.

Several youngsters throwing sand  
around and wasting it on a stock-  
pile owned by C. M. Wolf were  
chased away.

A Baltimore street woman com-  
plained that boys were playing ball  
in her yard. They left to continue  
their game on the high school field.  
Otherwise, just a typical week-end.

BIGHAM NAMED MASTER

act as master in a divorce proceed-  
ing brought by John Lewis Rose,  
Gettysburg, against Golda Francis  
(Seiferd) Rose, has been filed in the  
prothonotary's office here.

Find \$50 Cash  
In Parked Machine

Residents of Howard avenue had  
noticed an automobile parked on  
that street for the past ten days.  
Saturday afternoon Murray B. Fra-  
zee called borough police, and an  
officer investigated.

They found that the car bore a  
New York state license plate. A suit-  
case was in the trunk with several  
letters and cards, and two bank  
books, one of which contained \$50  
in cash.

The letters and cards bore the  
name of John Kane. Police said to-  
day that Kane was manager of the  
Strand theatre here. No explana-  
tion was given as to why the car  
(and the money) had been left  
parked on Howard avenue. Kane  
rooms in a nearby residence.

MRS. HARBACH  
EXPIRES TODAY;  
ILL FIVE MONTHS

Mrs. Harrison F. Harbach, Sr., 50,  
died at her home, 34 York street,  
this morning at 6:40 o'clock from  
heart failure, following an illness  
of five months. She suffered a stroke  
two years ago and had been in-  
active as a business woman since that  
time.

Mrs. Harbach was a native of  
Adams county, a daughter of the  
late J. William and Clara (Minter)  
Settle. Her husband, who operated  
an electrical store on York street,  
died December 30, 1935. Mrs. Har-  
bach operated the store for seven  
years following her husband's death.  
After disposing of that business she  
joined the office staff of the Warner  
hospital and served there for two  
and one-half years.

C. A. Bixler, president of the  
Warner hospital board of directors,  
when informed of Mrs. Harbach's  
death said: "Mrs. Harbach was a  
faithful and loyal employee of the  
hospital for some time and I know  
I speak for the entire board when  
I say that her passing will be  
mourned by all of us. She had a  
wide circle of friends and her ser-  
vice to the hospital was apprecia-  
tively recognized. I sincerely regret  
her passing."

Funeral Thursday

The deceased was a member of  
the Trinity Evangelical Reformed  
church, Gettysburg and the Gettys-

CONVOY THRU TOWN

# SITUATION IN BALKANS NOW "EXPLOSIVE"

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

A highly explosive situation exists in the Balkans—whirling ground of wars—as the result of the exceedingly strained relations between Greece and Yugoslavia coupled with continued Greek disorders attributed to the Athens government to communists and other extreme leftists.

The week-end saw an extraordinary and highly significant string of developments. First came Yugoslavia's open hint at the Paris peace conference that it believed Greek Macedonia—one of the most cherished possessions of Greece—should be in the Yugoslav federation. This drew from Greek Acting Premier Stylianos Ganas in Athens the declaration that it supported "our suspicions that the trouble and disorder in Greece are not exclusively an internal matter."

Gonatas didn't pin down any closer what was clearly a strong suggestion that an outside nation was inspiring the leftists troubles within Greece. However, further illumination came a bit later when Communist Demetrios Parissalides, secretary-general of the EAM (National Liberation Front, which is a coalition of left wingers, was asked bluntly in a press conference if the EAM would lead a revolution against the government. He didn't answer either "yes" or "no" but he did say that if the nation were under attack from a foreign power, "every pressure of the Greek people would be to overthrow the government."

## Plane Incident

Meantime the forcing down of a Greek military airplane in Yugoslavia by anti-aircraft fire was creating added tension, and this wasn't lessened by the fact that the Yugoslav ambassador to Athens recently was withdrawn. Also in the offing was Bulgaria's demand for western Thrace from Greece—a claim which more than incidentally has the support of Russia and the Slav group.

When you add to these grave complications the fact that England is standing squarely behind Greece as guardian, you really have something. Greece, of course, is Britain's only foothold on the Balkan peninsula and consequently is a priceless base in view of the clash of interests in the Balkans and middle east between the Soviet union and England.

## King Faces Crisis

George II, King of the Hellenes, is girding his loins in England for the return to his homeland. This is the second time the fifty-six year old monarch has been recalled by the plebiscite. He first mounted the throne in 1922 on the abdication of his father, King Constantine. He was deposed in 1924 and a republic was established. Then in 1935 his crown was restored and he managed to hang onto it until the Germans occupied his country and he fled.

George faces a tremendous crisis, involving not only his own country but the badly muddled relations between the Russian bloc and the western democracies.

The way things now look, George may well encounter a rebellion right at the outset of his new reign.

## Faulty Regulator Caused Dim Lights

Those folks who got around to washing their light fixtures this morning because of the dimness of the illumination worked in vain.

A broken regulator in a cable at the Metropolitan Edison company substation here this morning dropped the voltage and as a result the lighting was much dimmer than usual. Manager C. R. Lenhart said. The company operated the regulator by hand until this afternoon while the new cables were spliced in.

While voltage was low there was no serious effect caused by the failure with the company able to keep service going perfectly. The local Throwing company plant, one of the largest users of electricity in the town, found its voltage and the speed of its machines both low but was able to continue operations.

# BUMS MAY WIN FLAG RACE ON BASE-STEALING

By JOE REICHER

(Associated Press Sports Writer)  
The Brooklyn Dodgers have stolen the "Gashouse Gang" tag from the St. Louis Cardinals with their daring tactics which may yet pay off with a National league pennant.

Leo Durocher's hustling, fighting crew is displaying the same dash and fire as Frankie Frisch's Cardinals displayed in the early '30's, when Pepper Martin and Company literally stole their way to the world series.

To date the Dodger Greyhounds, led by Pistol Pete Reiser, have stolen 94 bases to rank far out in front of all major league clubs and almost double the output of the Cardinals, who have pilfered 51 sacks.

The Dodgers hit a new high for one game yesterday when they swiped eight bases—three short of the modern National league record—in drubbing the New York Giants 11-3. Despite their victory, the Dodgers dropped a half game to the Cardinals, who swept a double header from the Pittsburgh Pirates to increase their first place lead to two full games.

However, the Dodgers' position is not as bad as it sounds, since they are only one game behind in the losing column, having two more games to play than St. Louis.

**Reiser Steal Home**  
Reiser was the Dodgers' biggest 'larcenist' yesterday. He stole three bases, including home, to make it 34 for the season. Seven times this year he has stolen home. Joe Hatten held the Giants in check with four hits.

After eking out a 5-4 decision in 11 innings of the opener, the Card pummeled five Pittsburgh pitchers for 17 hits to coast to a nightcap victory 12-2.

The Boston Red Sox will have to win the American league flag in the West. Despite their defeat by the Philadelphia Athletics, 5-3 yesterday, they came nearer to clinching when both the second place New York Yankees and the third place Detroit Tigers dropped twinnings.

The Sox now need only one more victory to eliminate the Yankees and two to end all mathematical chance for the Bengals. They can do it tomorrow when they meet the Tigers in Detroit.

Washington beat the Yankees twice, 2-1 and 9-8. The first game went 11 innings and was won when Stan Spence poled his second homer of the day.

The Chicago White Sox topped the Tigers twice, Ed Lopat out hurling Hal Newhouse 3-2 in the first game, and Frank Pappish shutting out the Tigers, 6-0 in the after-piece. Newhouse's defeat was his seventh after 24 victories.

Don Ross' seventh inning homer enabled Bob Feller and the Cleveland Indians to defeat the St. Louis Browns, 3-2 after St. Louis had won the opener 4-1 behind Jack Kramer.

In achieving his 23rd victory after being beaten six times in his last seven starts, Feller fanned eight to run his strikeout total to 301.

Hank Wyse pitched and batted the Chicago Cubs to a 4-1 victory over the Cincinnati Reds. Wyse held the Reds to four hits and drove in the first two runs with a double.

The Boston Braves and Philadelphia Phils split a double header, the Braves winning the first game 4-3 on pitcher Ed Wright's ninth inning single. The Phils, behind the five-hit pitching of Tom Hughes, won the second game 4-0.

**Horn Wins Race At Williams Grove**  
Williams Grove, Pa., Sept. 9 (P)—Ted Horn, Paterson, N. J., was a trifle closer today to the national point scoring title among American automobile association drivers.

Horn, the present leader for the coveted crown, picked up additional points yesterday by winning the 30-lap feature race at Williams Grove speedway, and chalked up a new track record while outclassing the field.

He was clocked at 14 minutes 2.85 seconds for the 30 laps, bettering his own time of 14 minutes 11.91 seconds on the same half-mile track set on July 28.

Emil Andres of Chicago was second, a half lap behind Horn who lapped all other drivers. Tommy Hinnershitz, Reading, was third, with Walt Ader, Bernardsville, N. J., fourth; Lee Wallard, Lebanon, Pa., fifth and Otis Sine of York, sixth.

## Bendersville And Idaville Play Tie

Idaville and Bendersville played to a 1-1 tie last Friday evening in the third game of their three-game series at Idaville. Bendersville tabbed a run in the third on a single by Kuntz and an error. D. Group's triple to left and R. Naugle's outfield fly produced Idaville's tally in the sixth.

The tie game will be played off Wednesday evening at 6 o'clock on the Idaville diamond.

## ARENDTSTVILLE GETS 4-1 WIN

Arendtstville downed Bendersville 4-1 in a baseball game played Sunday afternoon at Arendtstville.

Originally the Mercersburg Colored Giants were scheduled to play the Apple Pickers but the game was cancelled and Bendersville was secured as a substitute.

For six innings the score was deadlocked at 1-1, but in the last half of the seventh inning Arendtstville pushed over a trio of runs to sew up the decision.

## Sam Snead Stages Comeback In Golf

Chicago, Sept. 9 (P)—Slammin' Sammy Snead has whipped his scrambling golf game and today rustled \$10,000 fresh cash in his pocket to prove it.

A forlorn Fairways figure since he meteorized to the British open title early in July, Snead yesterday roared back into the golfing limelight with a two-stroke victory in George S. May's "world championship" showdown.

Snead capped the 36-hole, winner-take-all feature at Tam O'Shanter course with a six-under-par 138, two strokes ahead of Byron Nelson, a substitute for PGA Champion Ben Hogan. U. S. Open Champion Lloyd Mangrum was third with 141, while Herman Barron had 143.

In grabbing his biggest tournament swag in history, Snead wrapped together a pair of amazingly steady 69's, shaking off Mangrum who had tied him at 18 holes with 69, and at 27 with 104.

ond, a half lap behind Horn who lapped all other drivers. Tommy Hinnershitz, Reading, was third, with Walt Ader, Bernardsville, N. J., fourth; Lee Wallard, Lebanon, Pa., fifth and Otis Sine of York, sixth.

# MAROONS DRILL WITH CANNERS ON SATURDAY

Gettysburg high school's football candidates got their first taste of real football Saturday morning when Gene Haas brought his Biglerville high school griders to town for a practice scrimmage.

Both teams flashed good form at times while at other times the reverse was true. Substantial gains were made by both on their offensive drills indicating each may develop real scoring attacks.

The Maroons drilled on the offense for about 40 minutes while another 10 minutes was given over to defensive play.

It was definitely noted the Maroons are in need of better blocking and tackling and it is certain Coaches George Forney and Howard Shoemaker will concentrate on that phase throughout the remainder of the week. The Maroons open their season Friday night with Delone Catholic at McSherrystown.

**Maroon Starters**  
Coach Forney lined up as his starting team Saturday Dick Knox and Donald Sterner, ends; Eugene Kane and William Shull, tackles; James Sanders and Dale Sheffer, guards; Eugene Cole, center; Charles Rodgers, quarterback; Jay Hershey and Wilmer Sharrah, halfbacks, and Joe Hess, fullback.

All of the Maroon players on hand for the workout got a chance in the drill. Among those who saw action were Guy Donaldson, Bill Snyder, Jake Yingling and Bob Poth, ends; Coleman, Bob Shetter, tackles; Bob Williams and Dayhoff, guards; Shull, Dunkinson and Aughinbaugh, centers. Bill Bucher, Ronald King, Bruce Westerdaal and Jack Ridinger, backs.

Biglerville's forward wall, which packs plenty of poundage, was made up of Eugene Cristofaro, Jim Pitzer, George Weaver, Bob Weikert, Bill Walker, Eddie Weigle, Cliff Rice and D. Hollabach. Performing as backs were Marshall and Clark Heller, Earl Rexroth, Lee Reinecker, Danny Ebert, Marlin Kime and Dick Bucher.

Coaches Forney and Haas continually switched their lineups in unrelenting efforts to uncover promising material and a number of likely looking candidates got second glances from their bosses.

It is likely the same teams will continue to hold scrimmages from time to time as coaches at both schools feel much is to be gained from such drills.

# AMATEUR GOLF TOURNAMENT OPENS

By TED SMITS  
Springfield, N. J., Sept. 9 (P)—The 46th annual national amateur golf tournament opens today after a five-year war recess, with defending Champion Margin (Bud) Ward of Spokane, Wash., and Frank Stranahan of Toledo, O., the favorites on even terms.

Ward, who won the title at Omaha in 1941, the last tournament, has shot four practice rounds of 74, 72, 73, and 70 over the 6,723-yard par 72 Baltusrol course for an impressive total of 289.

"But I've got to get driving better," he said.

For more than half the amateurs in 1941, the last tournament, has shot four practice rounds of 74, 72, 73, and 70 over the 6,723-yard par 72 Baltusrol course for an impressive total of 289.

Ward and Stranahan are rated 4 to 1 in title speculations; Cary Midgicoff of Memphis 5 to 1; public links Champion Smiley Quick of Los Angeles and George Dawson of Chicago 6 to 1; Willie Turnesa of White Plains, N. Y., and Wilford Wherele of Louisville, Ky., 10 to 1.

**Good Enough To Qualify**  
He shot a 73 yesterday, which he termed "not so good," but expressed confidence he could qualify with two par rounds. This would give him a 36-hole total of 144, and it is generally expected that 153 will be good enough to get into the match play.

Ward and Stranahan are rated 4 to 1 in title speculations; Cary Midgicoff of Memphis 5 to 1; public links Champion Smiley Quick of Los Angeles and George Dawson of Chicago 6 to 1; Willie Turnesa of White Plains, N. Y., and Wilford Wherele of Louisville, Ky., 10 to 1.

**Thrilling Set**  
More fine tennis was packed into that furious first set than is seen in most five-set finals. Brown played the same chance-taking, almost reckless tennis that gave him victories over Frankie Parker and Gardner Mulloy, both Davis Cuppers, in previous rounds. And he went down only because he was up against a player who, for the day, was extremely good in every department.

## Orrtanna Loses 3-2 Contest To Fairview

Fairview of the Tri-State league defeated Orrtanna, member of the Adams County league, 3-2 in a baseball game played Saturday afternoon at Orrtanna.

Each team scored a run in the fourth. Orrtanna went ahead with a run in the sixth but Fairview tallied twice in the eighth to take the decision.

C. Rebert and J. Wetzel formed the battery for Orrtanna and Jim Shindeldecker and Monn for Fairview. Rebert and Shindeldecker each permitted five hits with the former fanning five batsmen and the latter seven.

A return game will be played at Fairview next Sunday afternoon at 2:30 o'clock DST.

## Blue Rocks Win Interstate Title

(By The Associated Press)  
The Wilmington Blue Rocks, winners of the interstate league pennant, will open a best four-out-of-seven game playoff series with Hagerstown at Wilmington tomorrow for the governor's cup.

Wilmington wound up the season by winning the first game of a twin bill with York yesterday 6 to 0 and dropping the nightcap 7 to 3. Allentown clinched the remaining berth by beating Trenton 9 to 2 and 9 to 1. The Cardinals will open the playoff series tomorrow against second-place Harrisburg.

In other games yesterday Harrisburg won a doubleheader over Hagerstown 8 to 3 and 5 to 1; Lancaster defeated Sunbury 18 to 3 and 11 to 10.

Final standings:

## Forest Hills Sees Some Great Tennis

Forest Hills, N. Y., Sept. 9 (P)—It would have been a little too story-bookish if Tom Brown, Jr., had actually won the National tennis championships, and, besides, he figured to lose to as fine and experienced a player as Long Jack Kramer of Los Angeles in yesterday's final.

Yet the record throngs that packed the big stadium here the past two days probably always will remember this year's tournament as the one in which a great, new, young player sent thrills chasing down their spines with a series of brilliant victories over the old guard. That would be Brown.

The 23-year-old San Francisco product, who played in only one previous national before the war, did not let down his new and rabid following in the final, even though he lost in straight sets, 9-7, 6-3, 6-0.

More fine tennis was packed into that furious first set than is seen in most five-set finals. Brown played the same chance-taking, almost reckless tennis that gave him victories over Frankie Parker and Gardner Mulloy, both Davis Cuppers, in previous rounds. ## MONDAY MATINEE

Probably the most interesting development of the week-end was the size of the crowds at pro football games—68,000 for an exhibition at Los Angeles; 60,000 for a league game at Cleveland (or was it Paul Brown the fans turned out to see?) and more than 40,000 at San Francisco. . . . And the Athletics will tell you the baseball season isn't over yet. Maybe the "Toss Connie Mack Out" undercurrent reported from Philadelphia will subside now that the A's have delayed Boston's clinching the pennant. . . . Of yesterday's practice round, Georgia's George Hamer may be a real dark horse in the National Amateur golf. He won the intercollegiate title and the Southern Amateur the first time he played in either tournament and he starts his first National tourney today. . . . Lanky Bob Falkenberg, the one-day tennis sensation who was overshadowed by Brown, plans to spend the winter working on his tennis ground strokes and footwork. "I could play basketball, but I'd rather concentrate on tennis," says Bob. "I know my limitations."

## TRAVEL NOTE

Cornell's football roster shows a tackle named Ted Hapanowicz and rival schools are wondering if it's the same Ted who played at George Washington before the war and who had the hard luck in 1943 to run up against Navy twice as a naval trainee, first at Penn State and then at Penn. . . . Sound like one guy who gets around more than Bobo Newsom.

## Lawrence Solves "Knotty" Problem

Pittsburgh, Sept. 9 (P)—Mayor David L. Lawrence has gladdened the hearts of Pittsburgh Democrats by solving a political problem well nigh insoluble to the party's faithful.

The trouble arose when it was discovered the Democratic mayor's daughter, Mary Alice, was to be married at the same hour on Thanksgiving Day as Rita Kane, daughter of Allegheny county's other leading Democrat, County Commissioner John J. Kane.

Lawrence yesterday moved back an hour and a half the time of his daughter's marriage so that Democratic friends could attend both ceremonies.

# 3 TEAMS LEFT IN TOURNAMENT

Harrisburg, Sept. 9 (P)—Two teams from Maryland, and one from the nation's capital were still battling for the all-American amateur baseball championship as the tournament swung into its second week.

Spring Grove, undefeated Maryland state champions; Elkton, another Maryland representative; and the Naiman photo nine from Washington, D. C. were all that remain of the seventeen amateur clubs that arrived here last Monday to start the 1946 tournament.

Elkton and Naiman both suffered one defeat in the week-long grind and met today in a game that was certain to send one of them into the discard.

**Night Game May Decide**  
The winner of this afternoon encounter is slated to meet Spring Grove in a night game at Island Park for what may be the championship.

The tournament could go another day if the Spring Grove nine is halted in the night fray. That would leave two teams in the competition with only one defeat apiece on the record and necessitate a game tomorrow.

Elkton was shy of pitching talent for the final test, with William Bea, their 18-year-old finger weary from two victories last week and a relief job on another day.

Naiman, on the other hand, had Frank Watt, the 44-year-old veteran, well rested for the semi-final fray, and three other veterans on the bench in case of emergency.

# Sports Roundup

By HUGH FULLERTON, JR.  
New York, Sept. 9 (P)—Maybe Jack Kramer knew what he was talking about the other day when he said he would "work like the dickens and hope to get a ride to Australia" after the end of the National Tennis championships. . . . Young Tom Brown isn't eligible to play against Sweden next week-end, though the Swedes offered to waive the rules since they're due to take a licking anyway. . . . But Brown should be very much in the picture when Captain Walter Pate picks the squad to go to Australia; his cross-court volleys and backhand passing shots were something to see. . . . Kramer admits he "doesn't know much except tennis" and that he probably will "make a career" of the game. . . . That probably means he'll lend a willing ear to pro offers in the year or so. . . . Jack gave a tipoff to the radio audience yesterday when he said he didn't even expect to beat Brown that way again.

Today's Talk

THE GLORY OF THE DAY'S WORK

One of the inspiring men of this age was the late Dr. William Osler. He knew Walt Whitman well, and indeed was his physician. They had many delightful and profitable talks together. One day, as they sat talking, a group of workmen passed Whitman's little house in Camden, New Jersey, and he exclaimed: "Ah, the glory of the day's work, whether with hand or brain! I have tried

To exalt the present and the real. To teach the average man the glory of his daily work or trade." Every man is happiest when he has found his work—the work in which he can best express his ideas, and unfold the uses of his particular talents, God given. Then it is that every day is a celebration day, in which labor—all labor—is honored, and that man particularly, who views the glory of his day's work.

It matters little what each of us does, so long as what we do is something useful and spiritually satisfactory to us. The bricklayer, the factory worker, the tiller of the soil, the writer, the artist, the newspaper reporter, the preacher from the pulpit, the stenographer, the salesman, the singer, or the taxi driver—the vocation doesn't matter. It's what the task itself does to us inside. It's the glory of the thing that counts. Therein is the secret of happiness.

The fishermen, coming in from their long months of toil, often in the roughest sort of weather, can look back and measure out each day's catch, as one in which the glory of that day stood out, separate and alone. I have met many of these men and can testify to their courage, rugged honesty, and character. They do a great deal of thinking in their perilous work, and they render a service to millions of us who rarely give them a thought. But that doesn't swerve them from their tasks.

In an address to the students of Yale University, Dr. Osler suggested a handle to fit life's tools. With this combination, any man or woman, should be able to enter each day's work, with hope and incentive, gaining its last full measure of glory and satisfaction.

Tomorrow Mr. Adams will talk on the subject: "For the Pure Pleasure Alone."

Just Folks

MAMMA!  
Little children when distressed know to whom to go is best. Not to strangers in a crowd; Not to men of riches proud; Not to neighbors kind, who would help in every way they could. Home they turn; and hastening by. This world-over is their cry: "Mamma!"

Hear it time and time again Some one's little child in pain Following bruise or scratch or fall, Comes to one alone the call. Not for friend who may be near; Not for grandma's willing ear; Not for any other nigh, Always this the tearful cry: "Mamma!"

May it be, when time has flown And life's hurts have larger grown, When comes trouble, as it will, Homeward they will hasten still—Passing strangers on the street, Friends and neighbors they may meet, Calling out along the way, Even as they do today: "Mamma."

The Cholera: The gradual but steady westward march of Asiatic cholera is attracting attention in this country. It has already reached the western ports of Europe, and its appearance in the United States is only a question of time. The municipal authorities of our cities are wisely preparing for the expected visit, by the adoption of sanitary measures looking to the removal of all agencies tending to produce malaria. Would it not be well for the authorities in Gettysburg also to take prompt action? There can be no disguising the fact that many of our alleys are in a most filthy condition. Several of our Physicians, as also prominent citizens, have called our attention to this fact during the past week, with the request that we invoke action on the part of the Town Council. Aside from the approach of Cholera, there is at present an unusual tendency to typhoid diseases, by reason of malaria exhaled from cess-pools, stagnant

DODDER — IDENTITY AND CONTROL

Dodder is a parasitic plant, an annual that grows from seed each spring. It is commonly called "Love vine," half-weed, strangle-weed, devil's-hair, helbind, hairweed and perhaps a half dozen additional localized names. There are approximately 100 species in North America, some destructive to special crops, such as flax dodder, alfalfa dodder, clover dodder, and others attaching themselves to particular plants. Among crops most seriously infested by dodders are, besides flax, alfalfa and clover, sugar beets, onions, hedges, willows, grapevine, hemp, carrots, parsnips, tobacco, and almost any ornamentals — annual or perennial.

Dodder lives over winter like most other annual plants — by matured seed. However, there are cases where some of the stems survived beneath protective vegetation and resumed their parasitic growth the next spring. It is spread chiefly by seed of legumes. It seldom attacks any cereal crops, hence wheat, oats, rye and similar seeds are relatively free from infestation.

It is easily recognized by its tiny stems encircling its host plant. The stems are leafless and quite strong, usually yellowish or orange in color. Occasionally specimens are found with a tint of red and purple. Small flowers appear in masses from June until frost. They may be pink, white or yellow. Seeds ripen from early July until frosts. Its first appearance in a clover or alfalfa field, for example, is seen as scattered yellowish areas. In its second season the areas may run together until

BLUEBELLS ADD GAY NOTE TO SPRING GARDEN

For those who are partial to blue in their early spring garden the flowers of some of the scillas deal lavishly in tones of blue, although there are white and rose forms of some of the species, writes Erna W. Cars in the New York Herald Tribune.

These small bulbous plants belong to the lily family and commonly are known as squill, wild or wood hyacinth, or bluebell. The flowers are either bell or star shaped, and many of them bloom very early in spring through May, and even later. A succession of bloom may be had by planting in places with different exposures.

Scillas are particularly good subjects for mass planting in the flower and shrubbery borders, in the rock garden, in the wild garden and in woodlands, where they make a gorgeous display. After their first year of blossoming they increase in beauty year after year, provided they remain undisturbed to permit multiplication by offsets and self-sowing.

Plant Soon As Available  
They should be planted as soon as available from your nursery man or seed house in a well drained soil three to five inches apart and covered with from three to four inches of fine, sandy soil. After the ground freezes, cover the soil surface lightly with straw, salt hay or evergreen boughs, and with the first warm days of spring remove the cover to prevent premature growth.

The Spanish bluebell (Scilla hispanica) often called wood hyacinth, is a much stronger grower than the English species (S. nutans). Both are partial to shade and seem to thrive in bare, shady places and particularly under fir and pine trees, where few other plants will grow. Grown in a good soil and given a mulch of well rotted manure they will produce magnificent spikes up to two feet tall. Given the same conditions of soil and exposure the Spanish bluebell will come into flower a little later than the English bluebell. Some of the many good varieties among the blue are: Amethyst, Blue King, dark lavender blue; Blue Queen, a lighter tone; Excelsior, very tall, large bells of a deep tone; Enchantress, delicate pure blue, broad pyramidal spikes, strong stems, and Skyblue, late flowering. Among the pinks are Peach Blossom, a new pale pink, and Queen

Egyptian Onions Are Set In Fall

Scallions are among the most prized fresh greens to be had from the home garden. Gardeners, as a rule, are well acquainted with the sets offered in spring, but comparatively few are familiar with the Egyptian tree onion sets which are unusual in that they form in clusters atop stems usually occupied by

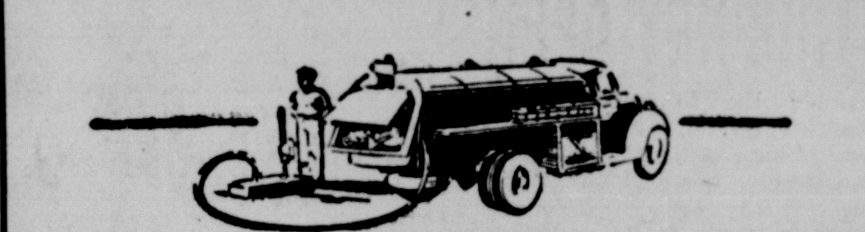

Bloom In March  
The English bluebells are not as robust as the Spanish, but they do have a delightful fragrance and may be had in white, pale pink and lilac red.

The Siberian squill (S. sibirica) is extremely small, growing only three or four inches high, with pendulous flowers of brilliant blue. The bulbs resemble tiny hyacinths. Planted in clumps of a dozen or more in the border or rockery, where they can be left undisturbed for years, they will make a fine showing. They also may be used for naturalizing in a fairly open wood.

September Month For Bulb-Planting

This month ushers in the bulb planting season, and first thought must be given to those to bloom this fall. The three important ones are Colchicum, Sternbergia and autumn crocus.

Before the month passes, also plant bulbs of Erythronium, fritillaria, galanthus (snowdrops), hyacinths, narcissus, Ornithogalum and tritelia.

Transplant Peonies  
This is the favored month for planting peonies, while the roots are nearly dormant and moving can be accomplished with the least injury. Plant them in a sunny location where trees or shrubs will act as a protection from the wind.

Burn all foliage and stems of disease or insect-infested plants after harvesting. Put on the compost heap all disease-free material.

## HINT ADDRESS BY BYRNES MAY "SPLIT" WORLD

By GRAHAM HOVEY

Washington, Sept. 9 (AP)—Diplomatic officials hooked up in sharp debate today over whether Secretary of State Byrnes' speech at Stuttgart will help establish one world or two.

The lineup generally is the same as it was when the big argument was whether the allies should impose a "hard" or "soft" peace on Germany.

The debate also pits those who favor patience and conciliation toward Russia against those who believe a working basis with Moscow—if possible at all—can be achieved only by bold diplomacy.

The one-time "hard" peace advocates are sharply critical of the Byrnes speech. So are those who favor a conciliatory attitude toward Russia.

### 3 Critical Points

These persons, saying that Byrnes virtually abandoned the Potsdam Big Three pact at Stuttgart, center their criticism around these chief points:

1. Byrnes may have ended serious attempts at a collective, four-power approach to German problems with his assertion that the United States—in the absence of a Big Four agreement to treat Germany as an economic unit—will proceed to unify its zone economically with any others willing to go along.

2. Some of his statements were made primarily for political purposes—to curry German favor for the United States against Russia.

3. The effect of the speech may be to drive Russia into deeper economic and political isolation from western countries, thus increasing the probability of an eventual east-west showdown.

Byrnes' supporters—they unquestionably include President Truman and most top state department officials—acknowledge that the speech in a sense was a departure from Potsdam. But, they ask, who failed in the first instance to fulfill the Potsdam terms?

### Original Violations

They contend the original violations of Potsdam were (1) Soviet and French unwillingness to go with the economic unification and (2) Russia's insistence of exacting reparations from current German production.

Because Germany from a economic standpoint actually has been four countries instead of one, the United States has had to pour food and supplies into the American zone at an annual cost of about \$200,000,000. Britain's bill has been even higher.

By unifying the two zones; establishing central administrative agencies, and pooling resources, American and British occupation authorities may be able to bring the Germans much closer to a self-supporting basis and cut down these vast outlays, the Byrnes backers say.

## Farnsworth Will Recover; Brother Dies

Coudersport, Pa., Sept. 9 (AP)—Lincoln Farnsworth, 31, brother of television pioneer Philo T. Farnsworth, was recovering today from injuries suffered in a plane crash that killed another brother, Carl Farnsworth, 35, of Fryburg, Me.

Coudersport hospital officials said Lincoln's injuries were not serious. State policeman Marvin R. Wilson, said Carl was piloting the plane and attempted a forced landing to avoid a heavy cloud formation. In landing, the plane's undergear hit a power line and the craft plunged to earth, trapping Carl and Lincoln in the wreckage, from which they were later extricated.

Carl is survived by his widow and four children. His brother Philo, of Brownfield, Me., developed the first television tube, and founded the Farnsworth Television and Radio corporation, Fort Wayne, Indiana.

## PROTESTS RAIL DIVERSION FROM CHINA TO SLAVS

By JACK BELL

Washington, Sept. 9 (AP)—Senator Bridges (R-NH) protested to the state department today a reported UNRRA decision to divert to Yugoslavia \$450,000 worth of steel rails originally destined for China.

The New Hampshire senator told a reporter he also is asking the United Nations relief and rehabilitation administration for an explanation.

Saying he believes this country ought to shut off supplies to the Tito government until further amends have been made for the shooting down of two American transport planes last month, Bridges added:

### Were Marked for China

"While ships are crossing the ocean bearing the bodies of American boys shot down by the Yugoslavs, they are passing other ships carrying goods to Yugoslavia just as if nothing had happened."

Bridges said his information is that the rails were obtained after Gen. George C. Marshall, President Truman's special envoy to China, made arrangements in March to have them declared surplus from army engineer corps supplies.

The senator added that in taking over the task of procuring the rails UNRRA obtained a special priority from the war assets administration "with the understanding they were to be sent to China and nowhere else" and proceeded to freeze all available supplies.

But by August 7, Bridges said, changes had been made in plans so that of 10,789 tons of rails and accessories acquired, a total of 8,251 tons, valued at \$337,348 had been assigned to Yugoslavia. At that time, 2,538 tons, valued at \$112,661, had been earmarked in warehouses for China.

Subsequently, Bridges said, orders apparently were issued diverting the 2,538 tons to Yugoslavia also.

## CALIFORNIA GIRL IS NEW MISS AMERICA

Atlantic City, N. J., (AP)—Marilyn Buford of Los Angeles, who failed to win any of the preliminary competitions here, held the title today of Miss America, 1946.

An eight-weeks movie contract at \$500 a week awaited her in California, beauty pageant officials said, and she held the pageant's top award of a \$5,000 scholarship.

The 21-year-old, blue-eyed, brown haired girl winner Saturday night of the annual beauty pageant, was advised by Dr. Guy E. Snavely of Washington, D. C., executive director of the Association of American Colleges, to leave the University of California at Los Angeles where she is a student and use her scholarship for dramatic training. She said she would enroll for a three-months course in a New York dramatic school.

### Get Prizes And Advice

Snavely also advised the 16 runners up on how to employ the total of \$20,000 in scholarships which they received.

Miss Buford said she has no special friend. Asked the kind of man

she would marry, she said "I want someone who knows what he is doing—enough for both of us. He need not be tall, dark and handsome, a college graduate or a career man."

The new Miss America who represented California weighs 123 pounds, and has these other measurements: bust—35½ inches; waist—25½ inches; hips—36 inches.

The finalists included "Miss Pennsylvania," Eleanor D. Kramer, of

## Favor Financing Of Autos Thru Banks

Harrisburg, Sept. 9 (AP)—Plans for extension of automobile financing through private banks, rather than finance companies, has the approval of the Pennsylvania Association of Insurance Agents.

The group concluded its annual two-day convention yesterday by passing a resolution asking that casualty insurance companies "promptly reconsider" the question of writing 15-month term automobile liability and property damage policies on financed automobiles in order to assist the "bank and auto agent plan."

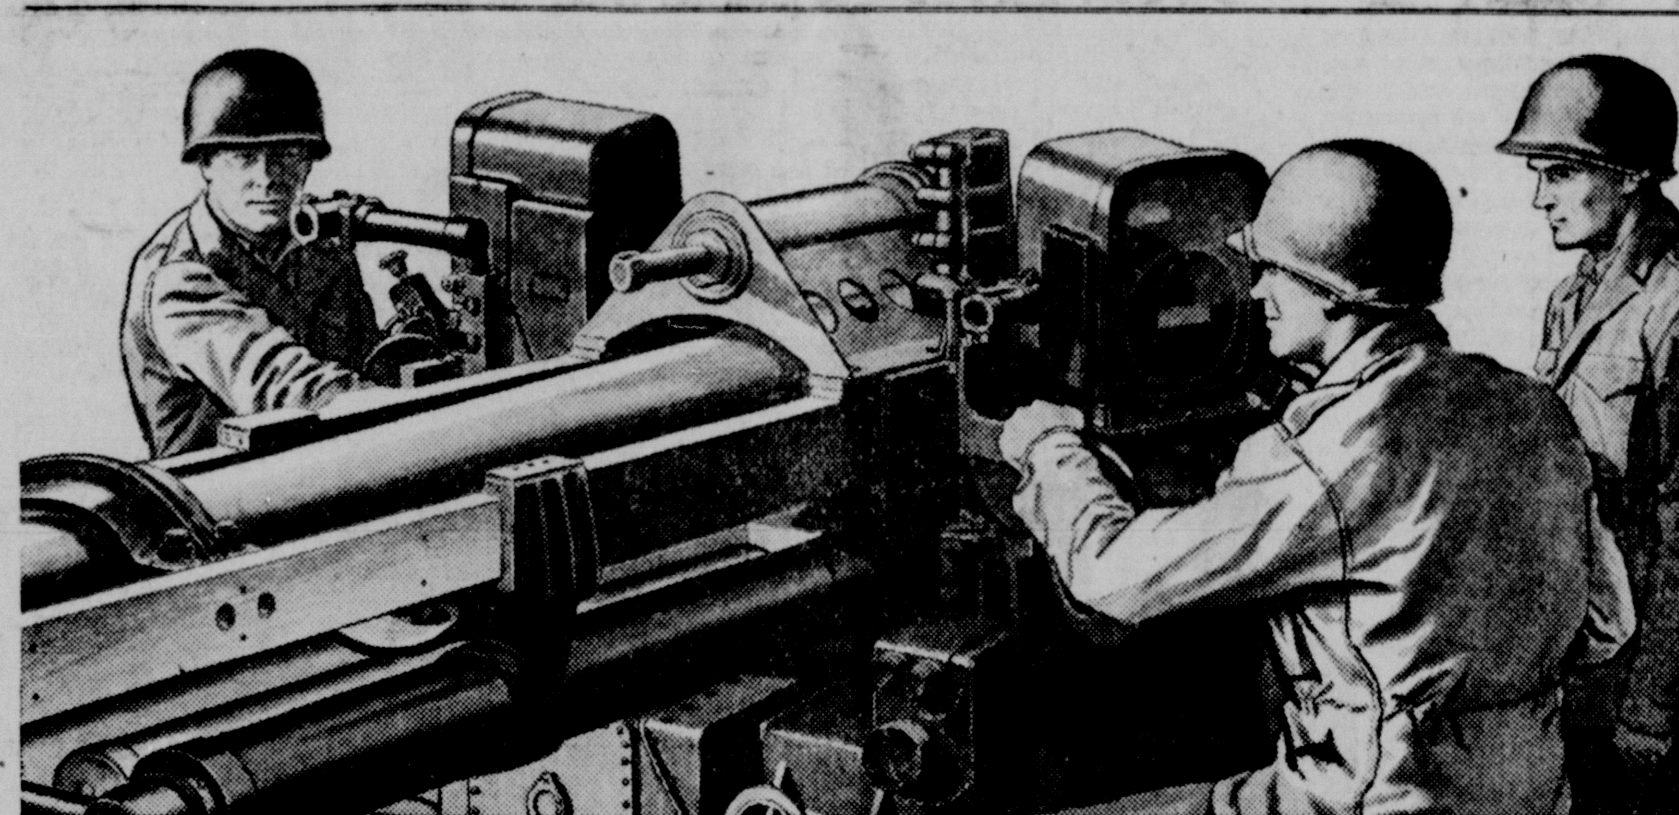

Stanley Cowman of Philadelphia, was elected president of the group, succeeding Morton V. V. White, of Allentown.

## BOY KING TO GO INTO EXILE

Sofia, Bulgaria, Sept. 9 (AP)—Nine-year-old King Simeon II, a blue-eyed school boy who has been the figurehead of the Bulgarian government for the last three years, has lost his throne.

The government announced today that votes cast in Bulgaria's Sunday plebiscite favored the establishment of a republic 3,801,160 to 171,000.

Simeon will go into exile this week. Helping his mother, Queen Ioanna, to pack, he has expressed pleasure that he will soon see his Italian cousins, his grandfather, former King Vittorio Emanuele of Italy and many other relatives in exile.

A regency has ruled the country for Simeon, the only son of the late King Boris III and Queen Ioanna. The 69-year-old rule of the Coburg family, during which Bulgaria has fought three unsuccessful wars and

suffered countless casualties, ends with dethronation. Yet no anti-Simeon feeling was expressed during the anti-monarchist election campaign because it was the institution which the campaigners hated, not the boy king.

The government said the plebiscite passed in absolute order, with no incidents reported.

CHRISTIANITY  
CALLED KEY TO  
WORLD PEACE

Philadelphia, Sept. 9 (AP)—Christianity is the sole solution to world peace and unity, says the Archbishop of Canterbury, and without Christianity neither can be attained.

The Archbishop, most Rev. and Rt. Hon. Geoffrey Francis Fisher, D.D., told the closing session yesterday of the 49th national convention of the brotherhood of St. Andrew, Episcopal lay organization.

"We won't become brothers by force x x x the atomic bomb has meant that every nation has bent itself to discover how to become better at it than every other nation."

In his first public appearance in the United States the British clergyman told 10,000 persons gathered in Convention Hall that clashes between group loyalties are worsened when linked with ideologies.

"We must convince Russia," the archbishop said in an extemporaneous address broadcast by American networks and the British broadcasting company, "that, on our own principle we do not want to impede her living in her own ideology."

Initial Success

"But," he continued, "we do not want another ideology imposed where it has no welcome. We have to persuade Russia to play the game in accordance with Democratic principles. The democracies do know a great deal about the way of brotherhood, but they have not learned the lesson completely yet and it would ill behoove us to say so."

"Apart from Christianity," the primate of all England declared, "there is no way out. Most people know it."

John Foster Dulles, alternate United States delegate to the United Nations, told the gathering that Soviet communism challenges the accumulated civilization of centuries, adding:

"That challenge has had an initial success. In every part of the world there are influential groups which accept leadership from Moscow."

DECIDE TONIGHT  
ABOUT STRIKE

Pittsburgh, Sept. 9 (AP)—Leaders of an independent union of Duquesne Light company employees agreed to let a 50-man general policy committee decide tonight—four hours before an extensive strike is scheduled to start; over an 817-square mile area—on whether to accept a company offer to arbitrate their contract dispute.

Although top union officials previously rejected flatly the arbitration proposal and the union rank and file voted to authorize the strike, the union yielded to pressure by Mayor David L. Lawrence and agreed to submit the issue to the general committee at a 7 p. m. (EST) meeting.

At the same time, the union officials refused a demand made by Lawrence that the union membership vote on arbitration.

Mayor Lawrence, grim and haggard from his night and day labors as a volunteer mediator, said he was advised by the union that the policy committee has the power to nullify the strike vote.

Earlier, union and company officials indicated that even if the strike comes, there will be a small amount of power available for emergency uses and some residences. The development came after the mayor warned in a radio broadcast neither he nor the public would accept the "ultimatum" of a strike deadline. He called the company "psychologically incompetent" and termed the union "poorly led and ill advised."

Mauchly, 39, a University of Pennsylvania Engineering School professor, was released by police after nine hours of questioning in connection with the death of his wife, Mary, 39, who was drowned Saturday midnight while the two were bathing in the moonlight.

'FAMILY LEVEL'  
PLATFORM GETS  
STUDY BY DEMS.

Harrisburg, Sept. 9 (AP)—A Democratic platform, written at the "family level," went under final scrutiny of the party's platform builders today in preparation for its submission to the Democratic state committee.

Democratic state and county leaders will meet here Wednesday to proclaim the party's declaration of principles for the November election campaign only a few days after Republicans completed work on their campaign document.

The Republican platform, adopted Saturday by the party's state committee at Pittsburgh, pledged a "fair and liberal" soldier bonus and called for "further revision and clarification of the unemployment compensation law to correct any inequalities and injustices" and continued efforts "to broaden and liberalize" the workmen's compensation and occupational disease laws.

"We Wonder Why"

"We want to have a platform that brings state government down to the family level," said Rep. H. G. Andrews, Cambria county, chairman of the Democratic platform committee. "We say that things that concern the family—where and how they work, conditions of living, health, where the children go to school, if they are backed up against a smelly stream, if the highways are kept in repair—those are the things with which government should be concerned."

"An election is not a contest between two political parties but an intelligent effort on the part of the people to establish the sort of government through which they can get done those things they want done and feel should be done."

As to the Republican platform, Andrews said:

"We wonder why they wrote a platform, why they didn't just take the promises in the James and Mar-

tin administration and announce if they were given a third chance they would try to redeem the promises they made in those platforms without adding too many new promises."

3,000-Word Platform

The Republican, 3,000-word platform, containing 23 points, urged a strong fight against Communism, opposed the proposed St. Lawrence waterway, socialized medicine and CIO-Political Action Committee which the document termed was "Communist in its leanings."

The GOP platform opposed "discrimination in employment because of sex, race, color or creed" and favored "appropriate legislation for fair employment practices" without detailing specific legislation.

The document likewise approved programs of the Martin administration for construction and expansion of state hospitals but deplored "the fact that execution of the programs have been blocked through the freezing of building materials by the Democratic administration in Washington."

Japs Call Kissing In Public 'Repugnant'

Tokyo, Sept. 9 (AP)—Kissing "does not mean democracy," the news agency Asahi observed today in sharply criticizing the recent practice on the Japanese stage and screen.

Asahi, urging producers to "use a little more discretion," went on:

"It is not unnatural and fitting as far as westerners are concerned, as they have been open in expressing their sentiments. But not so we Japanese, who have traditionally refrained from demonstrations in public."

"Such kissing by Japanese on the stage and screen is repugnant and shameful."

ALLIED POLICE  
PATROL TRIESTE  
AFTER FLAREUP

By MICHAEL GOLDSMITH

Trieste, Sept. 9 (AP)—Armed U. S. allied military police patrolled the streets of troubled Trieste today following an outbreak of violence during which they opened fire to disperse a pro-Yugoslav demonstration held in defiance of a military government ban. Seven Americans and one Briton were injured during the melee.

Trieste was declared off limits to all allied military personnel not on duty in the disputed city. All shore leave was cancelled for men of the U. S. Cruiser Huntington and of several smaller British ships in the harbor.

Police also patrolled Gorizia, 25 miles north of here, where American troops broke up a similar demonstration yesterday. The crowds scattered without serious incident.

7 Americans Hurt

The Trieste demonstration, staged in defiance of AMG refusal to grant a permit, was scheduled to coincide with the anniversary of the Venezia Giulia Partisan uprising on September 8, 1943—and incidentally with the anniversary of Italian surrender. For several days prior to the incident, the communist press had openly declared an intention to defy the prohibition.

The seven Americans—six soldiers and associated press photographer Daniel Jacino of New York—were wounded when a hand grenade was tossed from a window in the San Giacomo district. A British officer was also reported to have been injured. Jacino suffered

a leg wound from a steel fragment. Three soldiers were hospitalized.

A company of American military police raided the house from which the grenade was thrown and arrested two suspects.

The American soldiers who received hospital treatment included Pfc. Frank Mortimer, Brookville, Pa. All three are members of the 88th division.

Urges Special Care In Tomato Canning

Miss Mildred L. Adams, county home economics advisor, today urged housewives who are canning tomatoes not to cut the processing time, because blight has made the fruit more susceptible to spoilage.

Since the blight has cut the tomato crop extra precautions should be taken in canning the fruit, Miss Adams said.

To can tomatoes, she advised, first wash thoroughly, then scald, cold dip, and peel. Make sure that any white or black spots are entirely cut out.

Pack tomatoes into clean jars, either whole or cut into pieces, pressing to get enough juice to fill the jar. Seal jar according to the type of lid being used and process, 30 minutes for pints or 35 minutes for quarts, in the boiling water bath.

It might be wise she added, to precook this year's tomatoes until tender, then pack hot into sterilized jars to 1/4 inch from the top, seal, and process 5 minutes in the boiling water bath.

GREEN TO SPEAK

Pittsburgh, Sept. 9 (AP)—William Green, president of the American Federation of Labor, was listed as chief speaker of the 32nd annual convention of the operative plasterers' and cement finishers' international association, opening here today.

Others to address the gathering included local political and union leaders and James L. McDevitt, president of the Pennsylvania Federation of Labor.

Seed Catalogues Aid Fall Planting

The preparation of a fall planting schedule with the help of autumn seed catalogues, newspaper articles and garden books is not only fun but it increases one's knowledge, results in a better planned garden and often saves money because the purchases are designated to specific areas in the garden.

The schedule should show the quantities of each variety to be acquired and the location it is to have in the garden. Planting dates should be inserted tentatively, as they depend on the time the goods become available.

The need of incidental materials such as fertilizer, peat moss, humus or the like also must be planned well in advance because the areas selected should be prepared at least a week ahead of the actual planting. In addition to bulbs there are perennial plants, shrubs and trees which are advantageously planted before winter sets in.

The church organist presented a half-hour recital preceding the ceremony and the bridegroom's sister, Miss Louise McDannell sang "I Love You Truly" and "Because." A reception at the home of the bride's parents, followed the ceremony.

Mr. and Mrs. McDannell then left on a wedding trip through New York and New England.

The bride served 19 months in the WAVES. Previously she had been assistant librarian at the Chambersburg library.

Mr. McDannell attended Penn State college and is associated with his father and brother in fruit growing and farming at Arendtsville.

A group of small children, recruited from the audience sang.

W. A. "Bill" Baddorf, of Dillsburg, presided at the afternoon rally and assisted the Rev. Harry R. Lee of York Springs, director of the work, with the evening service. Also featured on the large program was a group brought from Philadelphia by Doctor Anderson.

The Rev. Mr. Lee announced that the rallies would be continued throughout the fall and winter in various communities in this area.

## Chapter 17

Lillie O'Dell was alone at the farm on the day that the radios blared the news of Pearl Harbor. She had let the Sunday paper slide slowly to the floor and had stood up. "Look, God," she said, "I've done the best for him that I could. Don't let him be like his father." She stood aghast at her speech and the thought that prompted it. Then she gave her head a defiant toss. "He's Violet's child," she said to herself, "and all I've ever asked for was the best for Violet."

But she didn't relax actually until she heard that Rodney Bradford had enlisted. Then she heard nothing and knew only those things that she read in the papers. He had a fur-lough; he went overseas; he was returned to OCS. Then August Bradford sent for her.

She was frightened at what it could mean. "Is his . . . that is, has he heard . . ." She stutted badly and the secretary on the phone, noting her uncertainty, said, "I don't know what it is about, Mrs. O'Dell."

When her world that was Violet had collapsed years ago, Lillie had been able to walk to August Bradford's office. This day she couldn't walk and she didn't trust herself to drive. "I'm getting old," she thought. There was the same flutter of interest in August Bradford's office as there had been before, a flutter that was like a still hot breeze in Indian Summer rustling the dry, dead leaves. The echo of it went through the door of August Bradford's office with her.

August Bradford was pacing up and down behind his desk, and Lillie standing inside the door, forgot that he was an old man, well past seventy. He seemed as straight and as strong as the man she had come to see almost twenty-five years before. He turned when Lillie closed the door behind her and said in a roaring voice, "Do you know what that young fool has done now? Married a girl just like his mother."

He almost threw a picture across his desk to Lillie. "Look at her," Lillie looked at a pair of misty eyes and a gentle-curving mouth, and caught her breath. For an instant, the girl had looked to her like Violet. "Just like his mother," August Bradford grumbled. "The damn young fool."

Lillie tightened her lips. "His mother was my sister."

"I don't care whose sister she was," August Bradford bellowed back. "She wasn't the girl for my son. Now this . . ." His voice took on an added bitterness. "I counted on Rodney. He's better stuff than his father, but . . . This girl can wreck it all."

Lillie tightened her lips and picked up the letter he had pushed across the desk. Phrases of it were standing out like headlines . . . "a school teacher . . . father's the postman . . . two younger brothers . . . I'm slated to go overseas again any day . . . Peg-Ann won't come to see you until I can bring her . . . Lillie said coldly, "I don't know why you sent for me. There's nothing we can do about it now."

As she spoke, it seemed as though August Bradford's huge frame shrunk into itself. "No, I don't know why I did either. I guess there's nothing we can do. Only I had

hoped . . . He was doing a good job in the mills . . . His mother was so kind and gentle that Laurie . . . His voice came out full again. "Soft. That was it. Soft."

Lillie walked back to the cafe, and her body and her thoughts were as weary as they had been on that first day when she had walked back from August Bradford's office — the day when Violet had so unalterably twisted the threads of their lives. She had wanted the best for Violet . . .

That night with the help of Happy Turner, she was on a crack flyer, going south.

She took enough time after she got off the train to have her up-swept hair washed and combed back, unwaved, into a bun at the back of her neck, and to buy a substantial plain blue felt hat to replace the one that was merely two roses and a band of straw. As she tried it on, she said to the saleswoman, "Do I look like an aunt — or maybe a mother."

The saleswoman said unsmilingly, "It's a very nice hat, madam."

"Oh, skip it," Lillie answered, and fished from her pocketbook the horn-rimmed glasses she now had to wear for reading. She looked at herself carefully in the mirror and decided that with the hair, the hat and the glasses, no one seeing Lillie O'Dell at some future date would connect her with Mrs. Henry Posey. For that she had decided was how she intended to introduce herself to Rodney's wife. "Mrs. Henry Posey, a distant relative of your husband," Rodney might wonder, but in a short time he would receive his mother's legacy, and would learn he had had an uncle named Henry Posey and would wonder no more.

Lillie knew exactly how she was going to handle the situation. She knew, that is, until the girl of the photograph opened the door, and then Lillie had said numbly, without volition, "Violet." The girl said, "I beg your pardon?" and Lillie had forced a smile to her numb lips and said in a croaking voice, "I'm Mrs. Henry Posey, a distant relative of your husband. I was in the city for a short period and thought I would look him up."

"How nice," the girl said. She stood aside, "Won't you come in. I'm afraid you are going to be disappointed though. Rodney . . ." her face saddened for a moment and her voice dropped. "Rodney has been alerted for several days. I doubt if he is even in the country."
